

REAL HEALTH REFORM: NOW is the TIME for CONGRESS to VOTE YES or NO

Americans deserve real health reform and President Obama's healthcare proposal will deliver it – for our families, our communities, and our state. Here's how:

- ✓ **It makes insurance more affordable for more than 31 million Americans who can't afford care today** – and lowers the cost of coverage for many more.
- ✓ **It holds insurance companies accountable** – by keeping premium costs down and **preventing insurance company abuses and denial of care due to pre-existing conditions.**
- ✓ **It helps stabilize our economy.** This legislation will reduce our deficit by \$100 billion over the next ten years and by roughly \$1 trillion over the second decade – all by **cutting government overspending and reining in waste, fraud and abuse.**
