## PREAMBLE

This Agreement is hereby entered into between Knox College, hereinafter called the College and Service Employees International Union, Local 73, hereinafter called the Union.

## ARTICLE I DESCRIPTION OF BARGAINING UNIT AND RECOGNITION

### Section 1. Recognition

The College recognizes the Union as the sole and exclusive bargaining agent for employees in the following unit certified by the NLRB in Case No. 33-RC-3875:

All full-time and regular part-time service and maintenance employees who are routinely scheduled for 20 hours or more per week (except for customer service attendants who will also be included as long as they are regularly scheduled to work) including all custodial employees, food service employees, customer service attendants, heating plant employees, grounds and maintenance employees; but excluding office clerical and secretarial employees, caterers, students, professional employees, campus safety officers, and supervisors as defined in the Act, and all other employees.

### Section 2. Student Workers

The Union and the College agree that the use of student workers is both appropriate and beneficial, The Union agrees to assist the College in the continuation of student work and to give support to student workers. The College, however, will not utilize student workers to attempt to undermine the Union,

### Section 3. Supervisory Work

The Union recognizes that non-bargaining unit supervisors have traditionally performed bargaining unit work on an as-needed basis. It is understood that supervisors will continue to perform such work but not to displace bargaining unit employees on a regular basis or to avoid the overtime provisions of Article XI, Section 3.

### Section 4. Temporary Employees

Temporary employees are excluded from the bargaining unit. A temporary employee may be assigned to fill in for absent regular employees for up to 180 days within a 12 month period. A temporary employee may be assigned to work on a special project for the duration of the project. In such cases, the College will notify the Union. Any deviation from the above must be agreed upon by the College and the Union.

### Section 5. Labor Management Meetings

The College and the Union may meet at the request of either party to discuss matters of mutual concern. Union representatives will be in paid status for meetings scheduled during regular work hours.

## ARTICLE II NO DISCRIMINATION

The parties agree there will be no discrimination against employees because of Union membership or protected activities, color, race, national origin or ancestry, sex, sexual orientation, marital status, age, religious beliefs, political beliefs and for any other reason forbidden by State or Federal law.

## ARTICLE III UNION RIGHTS

### Section 1. Responsibilities of Bargaining Unit Employees to Union

On or after the thirtieth (30th) day following the beginning of employment, or the effective date of this Agreement, or the execution date of this Agreement, whichever is later, every employee subject to the terms of this Agreement shall, as a condition of employment, become and remain a member of the Union paying the periodic dues uniformly required, or, in the alternative, shall, as a condition of employment, pay a fee in the amount of periodic dues uniformly required as a condition of acquiring or retaining membership, or, if the employee objects to the payment of that fee, such employee shall, as a condition of employment, pay that portion of the fee related to representation costs.

### Religious Objection

Any nonmember Employee who objects to the payment of a service (fair share) fee based upon bonafide religious tenets or teachings of a church or religious body of which such nonmember Employee is a member shall be required to pay an amount equal to his or her fair share fee, as outlined in this section, to a nonreligious charitable organization mutually agreed upon by such nonmember Employee and the Union. The Union agrees to provide to the Employer the list of the agreed upon nonreligious charitable organizations.

### Section 2. Maintenance of Voluntary Checkoff

Upon confirmation by the Union that an employee covered by this agreement has authorized checkoff of dues or fees, the Employer shall deduct such dues and fees from wages owed to that employee, unless the authorization is revoked by the employee in accordance with the terms set forth on the employee's checkoff authorization and contained in this section. Specifically, any employee who wishes to revoke dues checkoff must do so by giving written notice to both the Employer and Union during the period not less than thirty (30) days and not more than forty-five (45) days before the annual anniversary date of the employee's authorization or the date of termination of applicable collective bargaining agreement between the Employer and the Union whichever occurs sooner. Where an employee properly revokes dues or fees authorization pursuant to this section, the employee shall still, as a condition of employment, be required to pay fair share or agency fees to the Union, to the extent permitted by law and this Agreement.

Once authorization is received by the College and until such time as authorization is revoked under the processes above, the College shall deduct from the wages owed said employee for

the first payroll period ending in each calendar month, the Union's membership dues or non member fees for the month in which such deduction is made not later than the fifteenth (15th) day of the calendar month. The College will forward the monies so deducted to the Union not later than the fifteenth (15th) day of the calendar month in which the deduction is made.

Section 3. Voluntary COPE Authorization

The Service Employees International Union (SEIU) maintains a Committee On Political Education (COPE). Employees covered by this Agreement may obtain a Deduction Authorization card from the Union to submit to the College's Human Resources department if they opt to authorize deductions to SEIU COPE.

Section 4. Indemnification

The Union agrees to indemnify, defend and hold harmless the College against any and all claims, suits, orders or judgments brought or issued against the College as a result of any action taken or not taken by the College under Sections 1, 2, and 3 above.

Section 5. Union Stewards

The College recognizes the right of the Union to designate stewards. The Union shall keep the College advised as to the identity of stewards. Except as specifically provided for hereafter in this Section, Union Stewards shall not be compensated for their duties as stewards by the College and shall perform such duties during times when not scheduled to work for the College. However, when Union Stewards are asked by the College administration to meet and discuss Union/College matters during their normal work hours, with the exception of collective bargaining negotiations, the College will pay the Union Stewards involved their respective regular straight time rates of pay.

Section 6. Union Representatives

Union representatives, not employed by the College, shall be given reasonable access to the campus for the purpose of carrying out their duties and responsibilities as representatives of the employees in the bargaining unit. However, Union representatives must inform the Human Resources Office of their presence on campus and will not unnecessarily interfere with the performance of bargaining unit work.

Section 7. Bulletin Boards

The College agrees to make bulletin boards available at appropriate locations, which shall include Facilities Services, for official Union business. The Union will not post notices that disparage the College or any of its employees.

Section 8. Leave for Union Business

Employees who are elected or appointed to represent the Union at conferences or participate in training programs will be granted unpaid leave in order to participate in such programs. No more

than one (1) employee from each Department will be allowed to take such an unpaid leave at any given time, and the duration of such an unpaid leave shall not exceed one week. Such leave is subject to the Department Director's approval which shall not be unreasonably denied.

Section 9. Notification to Union

The College will notify the Union of new bargaining unit employees when they are hired. Once a month, one (1) Union steward will be allowed up to thirty (30) minutes to meet with bargaining unit employees hired in the previous month for the purpose of introducing the Union and the Agreement. Such a meeting will be allowed at a time and place to be determined by management to best fit operating needs. Furthermore, on the 15th of January, May and September each contract year, the College will forward an updated seniority list to the Union including current wage rates. Except as otherwise stated in this Agreement, seniority shall be measured from an employee's last date of hire with the College. When two employees are hired on the same date and in the same Department, the last two (2) digits of the employees' social security numbers shall determine seniority with the highest number being the most senior. All applications of seniority as defined in this Agreement would still apply. The College will also notify the Union of any disciplinary actions regarding bargaining unit employees.

Section 10. Union Use of Departmental Mailboxes

The Union will be allowed to use employee mailboxes located in the employee's departments for Union communications.

ARTICLE IV MANAGEMENT OBLIGATIONS AND RIGHTS

The administration of the College has the obligation to direct the College in an efficient and fair manner in order to insure that the College will continue to fulfill its mission. In order to accomplish this mission, the College must have the ability to determine the following: the methods and means of operating the College; job assignments, the work to be performed and the scheduling of such work; reasonable work rules; the equipment to be used; the amount and nature of supervision; the need for outside help, the numbers of employees needed; the number of months worked per year; who to hire, transfer, promote, suspend or discharge (with just cause), and layoff; the eligibility for, amount, type and level of benefits. All of the above rights are subject to specific provisions of this Agreement.

ARTICLE V NO STRIKE – NO LOCKOUT

Section 1. No Strikes

During the term of this Agreement, the grievance process and the administrative and judicial remedies and procedures provided by statute for remedying unfair labor practices shall be the sole and exclusive means of settling any dispute between the employees and/or the Union and the College, whether relating to the application of this Agreement, economic matters or otherwise. Accordingly, neither the Union nor the employees will instigate, promote, sponsor, engage in or condone any strike (including sympathy strikes), slowdown, concerted stoppage of work or any other interference with or interruption of production, regardless of the reason.

Section 2. No Lockouts

The College agrees that, during the term of this Agreement, it will not institute a lockout due to a labor dispute with the Union.

ARTICLE VI HEALTH AND SAFETY

The College will comply with all applicable OSHA rules and regulations. The College will comply with all Health Department rules and regulations governing food service establishments and the safe handling of food and beverage products for consumption. The College is committed to providing a safe and healthy work environment. The College must have the ability to create reasonable work rules and establish best practices in order to uphold this commitment.

ARTICLE VII EMPLOYMENT STATUS

Section 1. Probationary Employees

New regular full or part-time employees will be regarded as probationary employees for the first ninety (90) calendar days of active employment: Probationary employees may be laid off or discharged as exclusively determined by management. Probationary employees will be evaluated at forty-five (45) days and again at ninety (90) days of employment. Probationary employees continuing in the service of the College subsequent to ninety (90) calendar days of active employment shall receive full seniority credit from last date of hire. Probationary employees shall not be entitled to receive any paid leave benefits.

Section 2. Military Personnel

The College will comply with all laws relating to reemployment of military personnel.

Section 3. Family and Medical Leave

The College will follow the provisions of the Family and Medical Leave Act.

Section 4. Workers Compensation

When an employee incurs a job-related injury or illness, it must be reported to the supervisor immediately. Workers' compensation claims are filed with the College's insurance carrier and processed in accordance with the State law.

Section 5. Termination of Employment

The employment relationship shall be terminated if an employee:

- a) has been discharged for just cause;
- b) has been laid off for lack of work;
- c) has been absent due to illness or injury, and has not returned to work for a period of six months;

- d) quits voluntarily (employees are required to give two weeks notice);
- e) fails to report to work at the termination of a leave of absence or disciplinary suspension; or assumes employment with another employer or on their own while on a leave of absence without notifying the College and obtaining approval;
- f) fails to respond to a notice of a recall after layoff within five (5) days of receiving proper notice of recall. Proper notice consists of notice by telephone (employee is entitled to a one-week notice for any layoff of two or more weeks, otherwise two days) or, if the employee does not answer the phone and the College is unable to leave a voicemail message, by a registered/certified letter to the last address given to the College by the employee (must be mailed at least one week prior to the reporting date). Response must be made by email or telephone call to Human Resources.
- g) fails to report for work after layoff, and timely response to notice of recall, or does not make satisfactory alternative arrangements for returning to work if unable to report as directed.
- h) declines recall to any available job;
- i) fails to report for work on two (2) or more successive workdays without reporting to the College within that time with a sufficient explanation of the absence; or,
- j) retires.

#### Section 6. Layoff

If the College determines that a layoff is necessary, the College will designate the classification(s) in which the layoff will occur and the number of employees to be laid off. Employees will be laid off on the basis of date of hire at Knox College seniority provided however that the remaining employees in each classification must have the necessary skills and ability to then satisfactorily perform all available work without training. An employee who has previously held a position may, to avoid layoff, bump a less senior employee if the bumping employee has the necessary skills and ability to then satisfactorily perform the work with a brief reorientation, which shall not constitute training. An employee may also, to avoid layoff, bump to a lower paid position if the bumping employee has the necessary skills and ability to then satisfactorily perform the work after a brief orientation, which shall not constitute training. The least senior employee(s) within the designated layoff classification(s) will receive no less than fourteen (14) calendar days notice of layoff.

#### Section 7. Recall

The College will determine when additional employees are needed in any classification. Recall shall be made from the layoff list and employees shall be recalled by seniority, and must have the necessary skills and ability to perform all available work. Laid-off employees shall be recalled before any new employees are hired, unless the employees on the layoff list do not possess the necessary skills and ability to perform all available work in the classification in which additional employees are needed. Laid-off employees will remain on the recall list for

period of 18 months or the employee's length of service with the College, whichever is shorter.

## ARTICLE VIII JOB VACANCIES AND SELECTIONS

### Section 1. Posting a Vacancy

When the College determines to fill a bargaining unit vacancy or a new bargaining unit position from within the current workforce, as opposed to its right to hire from outside, it shall distribute a vacancy announcement through campus e-mail and post a copy of the vacancy announcement at the time clocks used by bargaining unit employees. The vacancy announcement shall include the job-classification, shift, job description, and pay rate. Bargaining unit employees will have five (5) calendar days to submit an application, including three (3) work references (name, relationship, and valid contact information such as an email address or phone number in the manner directed in the vacancy announcement. An application must be submitted to be considered for a vacancy.

### Section 2. Job Selection

To fill an open vacancy, the College will first consider applicants who are in the same job classification as the vacancy. From those applicants, the College shall select the applicant it deems most qualified for the position, taking into account the applicants' performance and attendance. If two (2) or more applicants are deemed equally most qualified, the College will select the most senior qualified of those applicants. If that selection results in another vacancy, then the College will fill the resultant vacancy with the remaining applicant who is the most senior qualified applicant. Additional resultant vacancies with the same job classification shall be filled in the same manner. If there are no remaining applicants with the original vacant job classification to fill a resultant vacancy, then the College shall consider applicants from other job classifications and select the applicant who is the most senior qualified applicant. If this selection creates a vacancy in a different job classification, the College will follow Sections 1 and 2 of this Article.

Nothing described herein shall infringe on the College's right to solicit and select applicants from outside the bargaining unit for a vacancy if, in its exclusive judgment, the College determines that there is no qualified applicant from within the bargaining unit.

### Section 3. Qualification after Selection

Upon filling a vacancy in a new job classification or same classification but different assignment after selection under the procedures described in this Article, the selected applicant shall have 15 calendar days to decide for any reason that he/she wishes to return to his/her immediate previous job classification or same classification but different assignment, and the College shall have the 15-calendar-day period to determine for any reason that the selected applicant should return to his/her immediate previous assignment or job classification.

### Section 4. Job Assignments

A job assignment is an employee's duty or duties within his/her job classification, including, but

not limited to, the task to be performed and the place where it is to be performed, and the expected shift (first/second/third/am/pm/midday/varied etc.) The College has the right to make or change job assignments on a reasonable as-needed basis. The College will endeavor to provide reasonable notice of changes in job assignments to employees covered by this Agreement where practicable.

Section 5. Annual Shift Preference Bidding

In the event that the College determines that more than one shift is needed for a particular job classification, the College will post an annual job "bid sheet" in order for employees in that classification to "bid" on the shifts. The bid sheet will specify the job classification and job assignment. The College will determine the date on which the annual "bid" sheet will be posted. Union stewards will be given five (5) calendar days to review the bid sheet in advance of a posting. The College will award "bids" successively to the most qualified bidding employees, taking into account performance and attendance with the greatest Knox seniority.

In the event that the College determines that there are insufficient qualified bidders to staff a particular shift, then the College may assign the least senior qualified employee(s), not otherwise assigned to the shift where the insufficiency of qualified bidder(s) exists, to the shift where the insufficiency exists. Nothing in this provision diminishes the College's right to determine the number of shifts for a particular classification, the times for the shifts, or the hour designation of the shifts.

Section 6. Performance Evaluations

All bargaining unit employees will be evaluated at least annually. Evaluations will be used in determining qualification for job vacancies and in the Annual Shift Preference Bidding process. Performance evaluations shall not be grievable unless a bargaining unit employee is not selected to fill a vacancy pursuant to Sections 1 and 2 of this Article based on the evaluation.

Section 7. Dining Services Skills and Training

The College will offer training twice (2x) per year to bargaining unit employees who sign up to learn skills for future positions/promotions.

Section 8. Skills Evaluation

Dining Services employees will be allowed to have their skills assessed for any position above the one they currently hold. This evaluation will be completed by management and shared with the employee so the employee can determine what training they may need. This evaluation can be requested annually at the time of the Performance Evaluation but will not be used for any purpose other than for the employee and management to discuss skills and skill development for the future.

## ARTICLE IX DISCHARGE AND DISCIPLINE

### Section 1. Just Cause

The College will discipline employees only for just cause. The parties agree to the principle of progressive, corrective discipline. However, it is recognized that more serious offenses, such as health and safety offenses, should be dealt with more harshly than minor infractions. Moreover, some offenses are so serious that discharge may be the appropriate penalty for a first violation. No employee shall be disciplined without having the opportunity to explain his or her side of the situation. All discipline shall be issued on a timely basis as soon as possible after the College has completed its investigation (timely basis should not exceed thirty days after Human Resources knows of an incident, should have known of an incident, or completes its investigatory interviews.) All discipline shall be in writing and shall include the nature of the violation and the rule and/or policy violated.

### Section 2. Due Process

Employees may request the presence of a Union Steward during any meeting that may result in discipline of the employee. If an employee requests representation for such meeting, the meeting will not be held without a Union Steward in attendance. The employee shall be allowed to decide which Steward shall represent the employee, except the meeting shall not be unreasonably delayed because of the unavailability of the chosen Steward. If a Steward is not available within forty-eight (48) hours by reasonable efforts by the parties to obtain one for the meeting, a Union Representative shall be invited to participate in the meeting, by phone, if necessary.

### Section 3. Forms of Discipline

The College will use the following forms of discipline:

Verbal Warning (with written notice/documentation)

Written Warning

Suspension

Discharge

However, it is understood that the College may demote an employee if that employee is not able, for whatever reason, to perform his/her duties in a satisfactory manner. With respect to discharge, the College may suspend an employee without pay subject to the grievance procedure, pending final determination, in order to complete its investigation. Should an employee be suspended without pay during a disciplinary investigation, he or she will be paid his/her normal rate of pay for the period that he/she would normally be scheduled to work should the employee be cleared of the charges for which he/she was initially suspended. However, this provision does not prevent the College from modifying a penalty and/or applying a different suspension time.

If an employee has received no discipline for a rolling 18 month period, the employee will revert back to the first step in the progressive discipline track. However, if the Union grieves a disciplinary action to arbitration, the College may present the employee's entire disciplinary record as evidence. Further, the College can consider an employee's entire disciplinary record when making employment decisions such as promotions and transfers.

#### Section 4. Employee Rights

No employee will be asked to take a polygraph examination, voice stress analysis test or other test of truthfulness. The College will not conduct drug testing. Should the College have reason to believe an employee may be using or under the influence of drugs while at work, the College may refer the employee to the EAP referred to in the Summary of Benefits at Appendix A. The employee may not return to work until he/she submits a certification from the EAP provider that he/she is ready to return to work. Any employee requesting access to his/her personnel record will be permitted to do so, and copies of documents in said record will be made available at a reasonable cost. Employees may respond, in writing, to any item in their personnel record.

### ARTICLE X GRIEVANCE PROCEDURE

#### Section 1. Definition

A grievance is any dispute over the meaning and/or application of the terms of the Agreement. However, with respect to matters now handled by the Knox College Grievance Panel for cases of discrimination, harassment, sexual harassment or sexual misconduct, employees may choose whether to utilize the College's procedure or that contained herein. Grievances may involve one or a group of employees. Employees may be represented by a Union Steward in all steps of the process.

Where time limits are established in the grievance procedure, they may be waived in writing by the parties. Failure on the part of management to act within the designated time limits will automatically move the grievance to the next step of the procedure. Grievances may be withdrawn or settled at any step of the process without establishing precedent.

A written grievance shall contain a brief statement of the complaint, including the part or parts of the contract that may be allegedly violated, and the relief sought.

When a grievance is sent or appealed through the U.S. Postal Service, the postmark date shall indicate timeliness. Failure by the Union to file a timely appeal or grievance shall result in the grievance being dropped.

The employee may elect not to be present during the discussion of the grievance. Grievances involving more than one employee may be presented by an aggrieved employee and a steward or two stewards. Grievances arising due to action taken at levels above the first line supervisor may be taken up by the Union at the appropriate level.

## Section 2. Meetings

Grievant, witnesses and stewards will be allowed paid time during their scheduled workday to be present in grievance meetings. The amount of time shall be related to the complexity of the issue at hand. At the option of the College, such meetings may be scheduled outside normal working hours for all or a majority of the employees involved.

## Section 3. Steps in Procedure

Employees should make every attempt to informally resolve disputes prior to filing a grievance. Therefore, an employee and steward must discuss the matter informally with the employee's immediate supervisor within seven (7) calendar days of the employee's knowledge of the underlying facts surrounding the situation. If the matter is covered under the grievance procedure and is not resolved within seven (7) calendar days following the discussion with the supervisor, the employee may then file a grievance. Employees shall follow the directives of management. When employees believe their rights are violated by such directives, they may file a grievance. This does not give employees the right to refuse work unless they actually believe their health or safety is seriously at risk.

Step One: If an issue is not resolved informally, an employee and steward may file a grievance by putting the grievance in writing and presenting it to both the non-bargaining unit Supervisor and Department Head within seven (7) calendar days after the informal procedure has concluded. The non-bargaining unit Supervisor and Department Head will schedule a meeting, with or without the grievant(s), within seven (7) calendar days. They will discuss and attempt to resolve the grievance at this meeting. The non-bargaining unit Supervisor and Department Head will issue a written response to the grievance within seven (7) calendar days.

Step Two: Should the grievance remain unresolved, the Union may appeal the grievance by forwarding the grievance to the Vice President for Administrative Services within seven (7) calendar days of the conclusion of Step One, The Vice President will schedule a meeting with the Steward, with or without the grievant(s), within seven (7) calendar days. They will discuss and attempt to resolve the grievance at this meeting. The Vice President will issue a written response to the grievance within seven (7) calendar days. If the Steward is unavailable to meet within seven (7) calendar days-provided herein, the Union Representative shall be invited in his/her place. Furthermore, the Union Representative shall have the right to attend any Step Two meeting with a Steward.

Step Three: Should the grievance remain unresolved at Step Two, or no answer is given within the time specified, the parties may jointly elect by written agreement to submit the grievance to mediation. The submission shall be to Federal Mediation and Conciliation Services and the meeting shall be scheduled subject to the mediator's availability. If mediation is bypassed or is

not successful, the Union, by written notice to the College, may proceed to arbitration in accordance with Step Four.

Step Four: Should the grievance remain unresolved and mediation is either bypassed or not successful, the Union may appeal the grievance to arbitration by giving written notice within 30 days after receipt of the response to the grievance at Step Two from the Vice President for Administrative Services\_or unsuccessful mediation. The Union will then share the timeline for the pre-arbitration review and will let the College know the decision to proceed or not within thirty (30) days of the union's pre-arbitration meeting.

Upon receipt of notice of intent to arbitrate, the appropriate representatives of the College and Union will meet and select an arbitrator from the list set forth below:

Steven Bierig

Michael LeRoy

Peter Meyers

Jeanne Vonhof

The parties agree to attempt to reach an agreement on an additional mutually acceptable arbitrator to add to this list.

If the parties are unable to agree on an arbitrator, they shall alternately strike names until one is left, with the remaining person serving as arbitrator.

The parties shall utilize each person on the list once, then review the list. During the review, each side may delete one name from the list. Also, names may be added by mutual agreement.

The arbitrator shall be notified of his/her selection by a joint letter from the College and the Union. The letter shall include a brief description of the unresolved issue(s) and request hearing dates. All hearings shall be scheduled at a mutually agreeable time and place. If the selected arbitrator has no available hearing dates within 180 calendar days, either party may request that the parties select a new arbitrator from the list above or mutually agree to use an arbitrator not on the list.

Both parties agree to attempt to arrive at a joint stipulation of the facts and issues to be submitted to the arbitrator.

The College or Union shall have the right to request the arbitrator to require the presence of witnesses and/or documents. Each party shall bear the expense of its Own witnesses and representation.

Questions of arbitrability shall be decided by the arbitrator. The arbitrator shall first make a preliminary determination of the question of arbitrability. Once a determination is made the matter is arbitrable, the arbitrator shall then proceed to determine the merits of the dispute.

The expenses and fees of an arbitrator and the cost of the hearing room shall be shared by both parties. If either party desires verbatim record of the proceedings, it may cause such a record to be made providing it pays for the record and makes a copy available without charge to the arbitrator. If the other party desires a copy, it shall share equally in the cost of the record. Nothing in this Article shall preclude the parties from agreeing to use the expedited arbitration procedures of the American Arbitration Association.

The decision and award of the arbitrator shall be final and binding on the College and Union and the employee or employees involved. The arbitrator shall have no power to amend, modify, nullify or subtract from the provisions of the Agreement.

#### Section 4. Expedited Grievance Process

In the event of the termination of a bargaining unit employee, the grievance process will begin at Step Two above. Should the grievance remain unresolved at Step Two, or no answer is given within the time specified, the union may proceed to an emergency pre-arbitration meeting within ten (10) calendar days of the date of the Step Two decision or the date such decision was due. The Union will inform the College of its intention to do so and will inform the College of the outcome of such pre-arbitration within twenty (20) calendar days of the pre-arbitration meeting so that the decision to arbitrate termination will be made within as close to thirty (30) days from the Step Two determination as possible. After a decision to arbitrate is made, the arbitration will proceed as above in Step 4 - Arbitrator Selection/Scheduling Arbitration Hearings.

### ARTICLE XI HOURS OF WORK

#### Section 1. Work Schedules

Each employee's work schedule shall be posted in the employee's work area. Work schedules will be posted in advance of the workweek as much as is reasonably possible, but no less than one (1) week in advance of the workweek. The hours of work shall be consecutive except as interrupted by breaks and meal periods. It is understood, due to circumstances that are unforeseen, schedules may have to be changed.

The term of employment for ten-month employees will coincide with the academic calendar (i.e. mid-August through mid-June). Ten-month employees who are retained in their position beyond ten months, regardless of the school calendar, shall continue to accrue benefits, and all other contract language shall apply.

#### Section 2. Breaks

The normal work shift for 40-hour per week bargaining unit employees shall be 8 1/2 hours, which will include one 30-minute duty-free unpaid meal break and two paid 15 minute breaks.

Thirty-hour per week and twenty-hour per week employees shall receive breaks according to the following schedule of scheduled hours worked:

Those working more than six (6) hour and less than eight and one half (8.5) hour shifts will have one 30 minute duty-free unpaid meal break and one paid 15 minute break.

Those working 4.5 up to 6 hour shifts will have one 30 minute duty-free unpaid meal breaks.

Those working less than 4.5 hour shifts or less will have no paid or unpaid breaks.

Employees should consider the needs of the department and their fellow workers when taking breaks.

### Section 3. Overtime Compensation and Distribution

Under the provisions of this Agreement, all time worked in excess of 40 hours in a work week shall be considered overtime.

Overtime shall be paid at the rate of time and one-half.

The College shall determine the hours and number of staff in each classification needed to meet its operational requirements. To fulfill the College's overtime requirements, the following procedures will be used.

- A. When overtime becomes necessary, the College will canvass employees within the appropriate overtime group (listed below) beginning with the most senior employee on a rotating basis, and offer the overtime. Once an employee has worked overtime, they are not offered overtime again until all other eligible employees are offered overtime.

For Custodial employees, overtime will be offered first to those currently assigned to the building requiring overtime, and then to the other employees in the overtime group.

All Foreman positions in facilities must be reachable either by their Knox College work phone or their Knox supported (stipend paid) phone, even after hours, in the event of an emergency.

If, following the canvass in the overtime group, insufficient employees have volunteered, the least senior employee(s) in the overtime group may be scheduled for the overtime assignment.

The College will implement a tracking device (such as a sheet, spreadsheet, etc.) for the offer of and response to overtime canvassing. Such device shall be made available to the Stewards upon request.

- B. After the least senior employee(s) in the overtime group has been required to work an overtime assignment, the College will continue the canvassing procedure with

each subsequent overtime opportunity. If there are no volunteers, the next least senior employee(s) will be scheduled to work, and that rotation procedure will continue to equally share required overtime. Employee(s) in the overtime group who have volunteered for overtime during the canvass will be excused from any required overtime during that cycle.

- C. After canvassing the overtime group and before requiring the least senior employee(s) in the overtime group to work, the College may assign the overtime to any other employee in the bargaining unit who is willing to perform the work, provided that, any efforts by the College to cover the overtime in this manner are purely discretionary and it is understood that no obligation exists to canvass outside the overtime group. Overtime opportunities accepted outside of an employee's overtime group under this Subsection will not affect in any way the employee's overtime rights or obligations with respect to the canvassing for overtime within their overtime group.
- D. Canvassing for and scheduling of daily overtime shall be completed no later than two (2) hours before the end of the shift where the overtime is required. Canvassing for and scheduling of weekend overtime will be scheduled no later than mid-shift on the Thursday workday preceding the Saturday and/or Sunday where overtime is required.
- E. This section is only to establish a fair procedure for the distribution of overtime. The establishment of overtime groups and this distribution procedure shall in no way be interpreted to create ownership, work jurisdiction or a right to perform certain work within an overtime group or job classification either on a straight time or overtime basis.

Errors that result in the loss of overtime to a bargaining unit employee that are brought to management's attention in a timely manner (i.e., within two (2) workdays) will be remedied by next available overtime within the following two (2) pay periods. If no overtime is available within two (2) pay periods, the College will pay the missed wages to the wronged employee on the next available paycheck. If overtime is offered and refused, the employee will not be paid the missed wages.

For Dining Services, a seniority list with what positions they are qualified for will be developed. When there is a need to call, management will go to the spreadsheet and call the next qualified employee on the overtime sheet and will note that call and the outcome. (For example, if the position needed is Cold Food, and the next in line for overtime by seniority is not qualified for that, management will note such and go down the list until they reach the next employee qualified. Once they call that person, they will note day and time of call and outcome – not available, no answer left voicemail, accepted.)

NOTE: The implementation of the Dining Services Overtime process will be following agreement of the format of the list after ratification and there will be a six month (March 2023) review with management and union to determine if process is working better, being tracked better.

#### Section 4. Call-back Pay

Whenever the College calls an employee to come to work from home to fill an immediate need, the College will pay the employee a minimum of two hours pay at time and one-half or for the time it takes to complete the work, whichever is greater.

#### Section 5. Scheduling Leave Time

##### A. Vacation Time:

Employees may request vacation at any time during the year with thirty (30) days' advance notice and management will respond within seven (7) calendar days. Management will make every effort to accommodate vacation requests, as long as they do not compromise College operations. Employees' vacation requests shall be granted whenever possible. Vacation requests made with less than thirty (30) days' notice will be granted on a first come, first served

basis, subject to the operational needs of the College.

Vacations shall be scheduled by each department, and management shall decide how many employees within a department may be scheduled for vacation at any given time. If two or more employees request the same days off and the College cannot accommodate the requests, seniority shall determine whose request shall be granted.

B. Sick Time:

Certain employees are in positions for which their absence requires obtaining a substitute. Supervisors of these employees will indicate what advance notification is required, as agreed to by both the College and the Union. A minimum of one hour is mandatory if no additional time is specified by the supervisor.

The College reserves the right to require evidence of illness, if there is reason to believe there may be abuse of sick time, and/or when an employee is absent for three or more consecutive workdays.

C. Personal Time:

Employees must pre-schedule personal time with their supervisors except in cases of emergency. Approval by the College shall not be unreasonably denied.

Section 6. Attendance

- After receiving three (3) non pre-approved Absences, three (3) Tardies, or any combination thereof, or one (1) No Call/No Show (where an employee does not call in within the first hour of scheduled work) in a ninety (90) day rolling window, an employee will be placed on the Disciplinary Point System.
- An "Absence" shall be defined as a failure by a bargaining unit employee to work a schedule shift without a pre-scheduled and approved request for vacation or non-emergency personal time, or time off for reason covered by the Family and Medical Leave Act ("FMLA") or state leave law.
- One day of absence is considered ONE (1) occurrence.
- Consecutive days of absence for the same illness or injury are considered ONE (1) occurrence.

- Any one day of No Call, No Show is considered THREE (3) occurrences.
- Failure to report for work without reporting to the College within the timeframes set forth in the CBA with a sufficient explanation of the absence shall be deemed a "No Call/No Show." Providing time and date stamped documentation showing that the failure was due to an emergency (for example, a car accident) will result in an excused absence.
- An employee will receive written notice of any points within two weeks of an occurrence and the notice will include the current total of points.
- Each Tardy/leaving early is considered ONE HALF(1/2) an occurrence.
  1. Constructive counseling for absenteeism will be as follows:
    - After accumulating 3 occurrences in a rolling 12 month period: Verbal Warning (Documented in writing for file)
    - After accumulating 6 occurrences in a rolling 12 month period: Written Warning
    - After accumulating 7 occurrences in a rolling 12 month period: Termination of Employment
  2. Absences due to qualifying reasons protected by FMLA, state leave law, or a documented emergency (with a date and time stamp, such as an accident report) will not be counted and will not result in the accumulation of occurrences, provided you comply with your responsibilities under these laws, the College's Call-Off Notification Procedures, and the College's policies and procedures regarding FMLA and sick leave.
  3. Eligibility for holiday pay will be forfeited if there is an unscheduled absence the day prior to, the day of, and/or the day after a holiday.
  4. The College reserves the right to require evidence of illness as set forth in the CBA.
  5. The College will provide the Union with a monthly report (by the 5th of each month) documenting violations of the attendance policy and the starting date of any employee entering their 12 month rolling period.

NOTE: There will be a six month (March 2023) review with management and union to determine if process is working better, being tracked better.
