ARTICLE X VACANCIES, TRANSFERS AND REASSIGNMENTS

A. Vacancies

1. Vacancies and newly created positions and their job descriptions and rates of pay shall be posted for five (5) work days in each building's break room. As used herein, "vacancy" shall mean a position which the District has decided to fill. Employees who apply for a vacancy shall be considered for the position.

2. In filling vacancies in the bargaining unit, the district shall first consider internal applicants, beginning with full-time employees and then part-time employees. Among other relevant factors in filling vacancies will be an employee's work performance, qualifications, suitability of the position and seniority. Internal applicants may include a letter of recommendation from his/her building engineer and/or principal with his/her application for the posted vacancy. Such recommendation(s) will also be a factor in filling vacancies.

The six (6) most senior employees applying for job vacancies shall be interviewed. If not chosen for the position, the employee may meet with the supervisor to discuss why he/she was not selected. Part-time engineers will not be interviewed for full-time positions if one or more full-time engineers apply for the position.

ARTICLE XI GRIEVANCE PROCEDURES

A. Definitions

A grievance is a claim filed by a member, Steward, or SEIU with the consent of alleging that the District has violated, misinterpreted, misapplied, unfairly applied, or not applied any provision of this Agreement which affects said employee. SEIU may file a grievance on behalf of a group of employees if the violation affects multiple members of SEIU. This Article will not limit an employee's right to discuss a complaint via administrative channels and to solve the problem without resort to these grievance procedures.

B. Contents of a Grievance

During each step where a grievance is submitted in writing, the written statement will clearly specify:

1. The name of the aggrieved person, persons or group of people, the manner in which the aggrieved person(s) has been injured, and the proposed remedy or remedies for resolution of the grievance;
2. The specific section of the Agreement allegedly violated;
3. When this alleged violation occurred;
4. In what way there has been a violation, misinterpretation or misapplication of this Agreement.
5. The results of the previous step in the grievance procedure and why the suggested solution(s) was unsatisfactory.

C. Days

A day is defined as a day when the Administration Office is open for business.

D. Rights Guaranteed

Witnesses may be utilized by either party at any step of the grievance procedure. All documents, communications and records dealing specifically with the process of a grievance will be considered confidential and filed separately from the personnel records. No reprisals of any kind will occur by the District or SEIU against any grievant or other bargaining unit employee participating in the grievance procedure. The individual circumstances of an alleged grievance will not be subject to negotiations.

E. Class Grievances

If a majority of members in one building are aggrieved, SEIU may act as the grievant in their stead and such grievance shall be filed at the principal level (step 1). If an alleged grievance involves aggrieved members in more than one building, SEIU may act as grievant and such grievance shall be filed at the Superintendent's level (step 3). In either case, a single grievance claim may be initiated in the interest of a group of employees having a common complaint.

F. Cooperation of Board and Administration

The Board, the Administration, and SEIU will cooperate in the investigation of any grievance, and further, will furnish such information as is requested for the processing of any grievance.

G. Procedures

An attempt must be made to resolve any potential grievance in informal discussion between the employee and his/her building principal or supervising administrator. If, however, the informal process fails to satisfy the employee, a formal grievance may be processed as follows:

1. Provided the employee, their immediate supervisor, and SEIU agree, and the contract provision grieved is not within the purview of the supervisor, Step 1, Step 2 and/or Step 3 of the grievance procedure may be bypassed and the grievance brought directly to the next step.
2. **Step 1** – The aggrieved employee must file in writing with the principal or supervising administrator within 15 days from the date of the occurrence of the event giving rise to the grievance or within 10 days of the last informal discussion provided that the first informal discussion occurred within 15 days from the date of occurrence of the event giving rise to the grievance, whichever is later, In the event the grievance is the result of events occurring on multiple days the last day on which an event occurs will be the starting point for the fifteen (15) days. The written notification must include items designed by section 2 Content of a Grievance. The member shall notify an SEIU representative of the claim and the representative shall participate in all further discussions outlined in this article.
3. **Step 2** – Within fifteen (15) days of receipt of the grievance, the principal or supervising administrator shall submit a written response to the grievant with a copy to the Superintendent and the SEIU Steward. Should the principal, supervising administrator, or grievant feel further conversations are needed before the written response, such conversations must occur within five (5) days of receipt of the grievance and written response must follow within the fifteen (15) day time limit for submitting the response.

4. **Step 3** – If the member or SEIU is not satisfied with the disposition of the grievance or if no disposition has been made within fifteen (15) days, the grievance shall be transmitted to the Superintendent and/or designee. Such transmittance shall be within ten (10) days of the receipt of the written response from the principal or supervising administrator or the end of the fifteen (15) day timeline indicated in Step 2. The grievant shall meet with the Superintendent and/or designee to discuss the grievance, accompanied by an SEIU representative. The Superintendent and/or designee may request the Principals and other affected persons to attend. The Superintendent and/or designee shall make a written disposition of the grievance within ten (10) days of such meeting.
5. **Step 4** – If not satisfied with the disposition of the grievance at Step 3, the Association may submit the grievance to the Board of Education, such to be filed no later than five (5) days following the written decision of the Superintendent and/or designee. The appeal may be in writing or by way of an oral hearing, as SEIU may request, and if the latter, shall be closed unless otherwise mutually agreed and shall be before the full Board or a committee thereof as the Board shall designate. Any such hearing shall be scheduled within ten (10) days of the date of filing of the grievance at Step 4. The Board shall communicate its decision in writing to the aggrieved member and the SEIU Steward within five (5) days following the hearing. Those persons who have the right to participate in the meeting at the Superintendent's level shall have the right to appear at the Board hearing, and legal counsel may also appear.

K. Binding Arbitration

1. If SEIU is not satisfied with the disposition of the grievance by the Board, the grievance may be submitted to arbitration before an impartial arbitrator to be mutually acceptable. If the parties cannot agree, the arbitrator shall be selected by the Federal Mediation and Conciliation Service in accordance with its rule. The decision of the arbitrator shall be binding to the parties concerned in the grievance. The fees and expenses of the arbitrator shall be shared equally by the parties. SEIU will notify the Board of its intent to pursue arbitration within thirty (30) days of the receipt of the Board's findings.
2. The arbitrator shall have no power to alter, add to or subtract from the terms of this agreement. The arbitrator shall consider and decide only the specific issues submitted and shall base the decision solely upon the arbitrator's interpretation of the meaning and application of the specific terms of this Agreement, as well as the parties' past practices and bargaining history, to the facts of the grievance presented.

L. General Provisions

1. The time limits provided in this Article shall be strictly observed but may be extended by written agreement of the parties
2. If an individual member has a personal complaint and desires to discuss it with the supervisor, the member is free to do so without recourse to the grievance procedure.
3. No grievance shall be adjusted without prior notification to SEIU and opportunity for an SEIU representative to be present, nor shall any adjustment of a grievance be inconsistent with the terms of this Agreement.

B. In the event of any violation or violations of any provisions of this Article by the Union, its members or representatives or by any employee, any violating employee shall be subject to discipline or discharge as determined appropriate in the sole and unilateral discretion of the Board.
