## Fall Bulletin Board Challenge!

Members fought hard and won the right to have bulletin boards up in their work areas. This fall, we are challenging all members to fill and decorate your union bulletin board with purple flyers.

Let's show our unity and strength by going all out on our bulletin boards!

Carolyn Brown, Customer Service Specialist, decorated her bulletin board to show off her UIC 73 pride. She said:

When we come together as a union with a mindset of solidarity, there is nothing that can hinder us and restrain us since we are all working towards the same goal. As long as we have the same mindset, there's nothing that can stop us.

## Steward Trainings

Now is a great time to learn more about how to enforce your rights in the workplace. Attend one of the local's steward trainings to learn how to fight back in the workplace.
