

# SEIU LOCAL 73 KNOW YOUR RIGHTS!

## Union Activity

Management cannot discipline or punish union activity at or outside of work unless it is illegal, a violation of policy, or a work stoppage.

## Right to Representation

You have a right to have union representation present at interviews or meetings that could lead to discipline. If management calls you in and you suspect this, simply say the magic words “Could this lead to discipline?” and if they say yes, then **REQUEST** your right to have representation. That interview is over until you get a union representative to sit in as a witness.
